

Research in Medical Education Symposium

CALL FOR ABSTRACTS AND WORKSHOPS

- When: Friday, September 15, 2006
- Where: Mt. Washington Conference Center
- What: A day long symposium on research in medical education. The day will consist of invited speakers, presentations from your submitted abstracts, workshops & roundtable discussions.
- Who: Anyone doing research or interested in doing research in any aspect of medical education is invited. Specifically, we welcome submissions from research in student, graduate, post-graduate medical education and continuing medical education. All domains of educational interventions are acceptable. Presentations are acceptable from faculty, house officers, students, research assistants, and teams.
